

Continuously hot-dip galvanized

Clamp band:	29 mm x 1,5 mm, S235JR Z150 (with rounded, corrosion-protected longitudinal edges)
M6 threaded press nut:	Steel + Zinc/Nickel coating, with at least 4 load-bearing threads
Eye bolt:	Stainless steel
Impact pin:	Steel + Zinc/Nickel plating
Hinge pin:	Aluminum alloy (fivefold hinge pin for stabilization of the two clamp parts, pin closed on both ends)

Copper

Clamp band:	29 mm x 1,5 mm, copper (SF-CU F 24 nach DIN 17670/1791)
M6 threaded press nut:	Steel + Zinc/Nickel coating, with at least 4 load-bearing threads
Eyebolt:	Copper
M10 threaded press nut:	Steel + Zinc/Nickel coating
Impact pin:	Steel + Zinc/Nickel plating
Hinge pin:	Copper (fivefold hinge pin for stabilization of the two clamp parts, pin closed on both ends)
